Other consents

I agree to the following:

I accept responsibility for my child if wearing stud earrings in school. I am aware that the school does not allow hoop earrings.	
I agree to remove all jewellery including earrings for all PE sessions.	
I will be responsible for any books my child brings home. If the books are lost or damaged, I am willing to make a donation of £5 towards its replacement.	

Use of information and image (including photographs and video recordings)

As part of our work in school, it is sometimes necessary to take photographs and videos of the children in school. These photographs and videos could be used:

- As a record of a child’s learning
- For a special project of event
- For a student’s project
- As part of a display
- On the school website or social media sites (such as Facebook/Twitter etc.)

The **website** will contain information about the school and its staff, school events and newsletters. It will be up-dated at regular intervals throughout the year. The information will be available for the public to see.

Newspapers – We often ask the local papers to events at the school such as the Christmas concert, dressing up day or our teddy bear’s picnic. They take photographs of groups of children or, very occasionally, individual children (e.g. “Mary” in the Christmas concert) and ask if they can name the children in the newspaper. I need your permission to do this too.

I would like to make it clear what the **school policy** is about the use of photographs.

- No looked after child will appear on the sites or in the newspapers
- No child will be named on the website
- Specific permission will be sought from parents for any photograph that is of a child's face that will appear on the public pages

I give my permission for my child's:

1	Photograph or video along with their first name to be used within the school as part of school wall displays/class activities/workbooks/booklets.	
2	Photograph (not named) to be used as part of a group or individually on the school website or social media sites (Twitter/Closed Facebook group and any other School social media sites) or the School Newsletter	
3	Photograph to be used in external media, e.g. local newspaper press release. Please note that some newspapers may store photographs for online use (first names only).	
4	Photograph to be stored in SIMS (the School's Information Management System) as part of their individual file data	
5	Photograph to be taken by the school photographer for individual and class photographs	
6	Photographs of my child to be taken whilst on school trips by a school staff member on school equipment for use in school	
7	My child's image to be used for safeguarding purposes such as for identification should they have a specific educational, dietary or medical need which needs to be communicated to all staff
